REPORT OF INDEPENDENT AUDITORS

To the Board of Directors Dubois County Community Foundation, Inc. and Affiliate Jasper, Indiana

Opinion

We have audited the accompanying consolidated financial statements of Dubois County Community Foundation, Inc. and Affiliate (the "Organization"), a nonprofit organization, which comprise the consolidated statements of financial position as of December 31, 2021 and 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Organization and its affiliate as of December 31, 2021 and 2020, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

<u>Auditor's Responsibilities for the Audit of the Financial Statements</u>

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the Organization's internal control. Accordingly, no such
 opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

The Dubois County Community Foundation, Inc. was established as a not-for-profit organization in 1996. The Dubois County Community Foundation, Inc. engages in programs and activities benefiting primarily the residents of Dubois County, Indiana. This purpose is accomplished by being the trusted charitable partner in shaping the future of the community.

Community Holdings of Dubois County, Inc. was established as a not-for-profit organization in 2012. It will act as a supporting organization of Dubois County Community Foundation, Inc. to accept on its behalf certain charitable gifts of properties and assets, such as real estate and privately held or S corporation stock.

Consolidation Policy

The accounts of Dubois County Community Foundation, Inc. are consolidated with the accounts of Community Holdings of Dubois County, Inc. as a result of common control and economic interest. All inter-entity transactions have been eliminated in consolidation. The consolidated operations of the organization are hereinafter collectively referred to as the "Foundation."

Management's Estimates

Management uses estimates and assumptions in preparing consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities and the reported support, revenues and expenses. Actual results could vary from the estimates that were used.

Basis of Presentation

The accompanying consolidated financial statements have been prepared on the accrual basis, and have been prepared with a focus on the entity as a whole. Net assets, support, revenues, gains, and losses are classified based on the existence or absence of donor restrictions. Accordingly, the net assets of the Foundation are classified and reported as follows:

Net assets without donor restrictions: Net assets that are currently available for operating purposes under the direction of the board of directors (Board) or designated by the Board for specific use. The Foundation maintains net assets without donor restrictions as follows:

Operating – used to fund current operations of the Foundation

<u>Operating reserve</u> – used to fund operations of the Foundation as designated by the Board

<u>Board designated endowments</u> – established with the expectation that the principal

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

be maintained in perpetuity to generate grants, subject to the spending policy, used to support the general operations of the Foundation as designated by the Board

Net assets with donor restrictions: Net assets subject to donor stipulations for specific purposes or time restrictions. These include donor restrictions requiring the net assets be held in perpetuity or for a specified term to support operations or specific purposes. The Foundation maintains net assets with donor restrictions as follows:

<u>Restricted due to time restrictions</u> – all contributions to the Foundation with donor restrictions that will be met by the passage of time

<u>Restricted for specified purpose</u> – all contributions to the Foundation with the intention of the donor to be held for a specific program or in a donor-restricted non-endowed fund

<u>Endowment funds</u> – all contributions to the Foundation with the intention of the donor that the assets be held in perpetuity and related investment earnings managed in accordance with the Foundation's spending policy

Investments and Investment Return

The Foundation carries its investments at fair value for financial reporting purposes. Changes in unrealized appreciation or depreciation of investments are reflected in the Consolidated Statements of Activities in the period in which such changes occur.

Interest and dividend income and net unrealized and realized gains and losses on investments are recognized as net assets with or without donor restrictions based upon the existence or absence of donor-imposed restrictions or the related fund classification in accordance with the Foundation's spending policy.

Property and Equipment

Property and equipment, including expenditures that substantially increase the useful lives of existing assets, are recorded at cost except for donations, which are recorded at fair value at the date of the donation. Costs of ordinary maintenance and repairs are expensed as incurred.

The property and equipment of the Foundation are being depreciated over their estimated useful lives ranging from five to forty years using straight-line method.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Support, Revenues and Expense Recognition

Contributions, which include unconditional promises to give (contributions receivable), are recognized as revenues in the period the contribution is received or the promise is made. Contributions received with donor-imposed restrictions are reported as restricted support and increase net assets with donor restrictions.

Support and revenues are reported as increases in net assets without donor restrictions unless use of the related asset is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in either net assets with or without donor restrictions in accordance with the classification of the fund.

All other revenue is recorded when earned.

Administrative Fees

Administrative fees are expensed from the funds to support the operations of the Foundation and are considered program expenses. Administrative fees from all funds are reflected as revenue on the Consolidated Statements of Activities. The administrative fees from custodial funds are not included as expenses on the Consolidated Statements of Activities because they are included in the change in custodial funds.

Functional Allocation of Expenses

The costs of providing the various programs and supporting services have been summarized on a functional basis in the Consolidated Statements of Activities and Consolidated Statements of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

The consolidated financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Those expenses include salaries and wages, payroll taxes and employee benefits, office supplies and technology expenses. These expenses are allocated on the basis of estimates of time, effort, and usage. While the methods of allocation are considered appropriate, other methods could produce different results.

Income Taxes

The Dubois County Community Foundation, Inc. and Community Holdings of Dubois County, Inc. are not-for-profit organizations as described in Section 501(c)(3) of the Internal Revenue Code and are exempt from federal taxes on related income pursuant to Section 501(a) of the Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Foundation and recognize a tax liability if the Foundation has

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has analyzed the tax positions taken by the Foundation and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying consolidated financial statements. The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

As such, the Dubois County Community Foundation, Inc. and Community Holdings of Dubois County, Inc. are generally exempt from income taxes and are required to file Federal Form 990 – Return of Organization Exempt from Income Tax which is an informational return only.

Subsequent Events

The Foundation has evaluated events or transactions occurring subsequent to the Consolidated Statements of Financial Position date for recognition and disclosure in the accompanying consolidated financial statements through the date the consolidated financial statements were available to be issued, which is May 27, 2022.

4. RISKS AND UNCERTAINTIES

The Foundation holds a variety of investments (Note 3). Such investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect the amounts reported in the accompanying consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Money market funds: Generally transact subscription and redemption activity at a \$1 stable net asset value (NAV); however, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.
- Common stocks and foreign stocks: Valued at closing price reported on the active market on which the individual securities are traded.
- Mutual funds and exchange traded funds: Valued at the daily closing price as reported by
 the fund. Mutual funds and exchange traded funds ("funds") are held by the Foundation
 and are open-end funds that are registered with the Securities and Exchange
 Commission. These funds are required to publish their daily net asset value (NAV) and to
 transact at that price. The funds held by the Foundation are deemed to be actively
 traded.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

• Interest in charitable remainder trusts: Fair value is determined by subtracting the calculated present value of the future payments to beneficiaries using published life expectancy tables, rates of return of 6 and 8 percent, discount rates of 2 and 7.6 percent, and payout rates of 20 and 6 percent from the fair value of the trust assets.

The following table sets forth financial assets measured at fair value in the Consolidated Statement of Financial Position and the respective levels to which the fair value measurements are classified within the fair value hierarchy as of December 31, 2021 and 2020:

6. CONTRIBUTIONS RECEIVABLE

Unconditional contributions receivable at December 31, 2021 and 2020 consist of the following:

	2021		2020		
Unconditional contributions receivable Less unamortized discount	\$	494,500 (46,475)	\$	452,834 (47,332)	
	\$	448,025	\$	405,502	
Amounts due in:					
Less than one year	\$	215,000	\$	128,334	
One to five years		180,000		225,000	
More than five years		99,500		99,500	
	\$	494,500	\$	452,834	

Qualifying contributions receivable were discounted at a range of 1.56% to 3.32%.

Management estimates an allowance for doubtful contributions receivable based on an evaluation of historical losses, current economic conditions, and other factors unique to the Foundation's donors. No allowance for doubtful contributions receivable was determined to be necessary at December 31, 2021 and 2020.

7. INTEREST IN CHARITABLE REMAINDER TRUSTS

The Foundation has been named the full or partial beneficiary of two charitable remainder trusts in which the Foundation is not the trustee. Upon termination of the trusts, the applicable remainder of the trust will revert to the Foundation to funds designated by the donors. The trust agreements stipulate that a certain portion of the trusts' assets are to be paid out each year to third party beneficiaries named by the donors. In calculating the present value of the amount to be received upon termination of the trusts, discount rates of 2 and 7.6 percent and rates of return of 6 and 8 percent were used. The date of the termination of the trusts was determined based on the applicable mortality tables. The Foundation's interest under these trusts was \$127,152 and \$109,458 at December 31, 2021 and 2020, respectively.

Less accumulated depreciation	 (338,418)		(320,148)	
	\$ 1,036,951	\$	564,370	

During 2021, the Foundation received donated property from the City of Jasper which was valued at \$400,000. The property is to be renovated and upon completion, the property will be granted for the future home of the Dove Recovery Home. The property and building improvements are listed as non-operative assets.

9. CUSTODIAL FUNDS

Custodial funds represent funds placed on deposit with the Foundation by other organizations based on their individual board resolutions. The Foundation accounts for these transfers as a liability in accordance with standards set by the Financial Accounting Standards Board. Income is added to these funds periodically in accordance with the Foundation's investment allocation policies. Contributions by, investment return credits for, and distributions to those organizations are reflected as adjustments to the liability account and are not reflected in the Consolidated Statements of Activities. Following is a progression of custodial funds during 2021 and 2020:

	2021			2020		
Beginning balance	\$	1,539,208	\$	1,354,071

	 57,119,439		49,917,678	
	\$ 61,256,773	\$	55,997,326	

11. NET ASSETS RELEASED FROM RESTRICTIONS

Net assets were released from donor restrictions based on the Foundation's spending policy in the amount of \$5,553,709 and \$2,977,083 based on funds appropriated for expenditure for the years ended December 31, 2021 and 2020, respectively.

12. ENDOWMENT

The majority of the Foundation's funds consist of endowed funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

The Board of Directors has interpreted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulation to the contrary. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. Endowment funds are subject to appropriation for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Foundation and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Foundation
- (7) The investment policies of the Foundation

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding for granting purposes while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must use for a donor-specified purpose as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce long-term growth of capital without undue exposure to risk. The Foundation expects its endowment funds, over time, to provide a total return that exceeds inflation (as measured by the U.S. consumer price index) by the average rate of the Foundation's distribution policy (5% target). Actual returns in any given year may vary from this amount.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment decisions shall be made with the intent of maximizing the long-term total return of the portfolio through market changes (realized and unrealized) and through earned income (interest and dividends).

The Foundation has a policy of appropriating for distribution each year up to a 5 percent of its endowment funds' average fair value over the previous twenty quarter rolling average, or lesser percentage as voted upon annually by the Board of Directors. In establishing this policy, the Foundation considered the long-term expected return on its endowment.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Endowed funds by net asset type at December 31, 2021 and 2020 were as follows:

13. LIQUIDITY AND AVAILABILITY

As part of the Foundation's liquidity management, it structures its financial assets to be available as its awarded grants, general expenditures and other obligations become due. The Foundation defines liquid assets as cash and investments without purpose restrictions and unrelated to endowments and non-endowed investments.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

Financial assets available for general expenditures (operating and operating reserve) within one year of the Consolidated Statements of Financial Position date comprise the following:

	 2021	2020		
Cash	\$ 1,356,957	\$	835,490	
Certificate of deposit	201,300		200,000	
Investments	 3,548		379,545	
	\$ 1,561,805	\$	1,415,035	

The Foundation's endowment funds consist of donor-restricted endowments and funds designated by the Board as endowments. Income from donor-restricted endowments is restricted for specific purposes with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure. The Foundation has an annual grant approval process. This process includes evaluating a number of factors relative to the spending rate to be applied to the Foundation's fund balances in accordance with its spending policy. Once the Foundation's Board approves the spending rate, the related dollar amount of the funds becomes available for general expenditures.

While not subject to the Foundation's spending policy, expenditures from donor-restricted non-endowed funds must be approved by the Board and, therefore, are not available for general expenditure until that time. Non-endowed funds are held in cash or liquid investments and are made available upon appropriation.

The administrative endowment is subject to an annual spending rate of up to 5 percent as described in Note 12. Although the Foundation does not intend to spend from this administrative endowment (other than amounts appropriated for general expenditure as part of the Board's annual budget approval and appropriation), these amounts could be made available, if necessary.

The Foundation also relies on the administrative fees it charges its funds annually ranging from 0.5% to 2% of the fund balance to fund operational expenditures.

14. CONCENTRATIONS OF CREDIT RISK

The Foundation maintains its cash in bank deposit accounts insured by the Federal Deposit Insurance Corporation at its current coverage levels. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk related to these accounts.

Marketable securities and money market funds are maintained with an investment firm. Such

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

balances exceed the Securities Investor Protection Corporation insured limits of up to \$500,000.

15. RECENTLY ISSUED ACCOUNTING STANDARDS

On September 17, 2020, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosure by Not-for-Profit Entities for Contributed Nonfinancial Assets.* This new standard is intended to increase transparency around contributed nonfinancial assets (also known as "gifts-in-kind") received by not-for-profit (NFP) organizations, including information on how those assets are used and how they are valued. This new standard requires that an NFP present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash or other financial assets. In addition, there are expanded disclosure requirements. The Foundation will be required to adopt this new standard in the year ending December 31, 2022.

The Foundation is presently evaluating the effects that this ASU will have on its future consolidated financial statements, including related disclosures.
